

Deans and Directors Workshop

Academic Leadership for Directors of Nursing Education: Building Skills to be Successful in Leading an Academic Program

Improve your practice in:

- Time Management
- Effective Communication
- Business skills
- Negotiating and Influencing
- Creating excellence in the workplace
- Leading the Profession

When: 4—day workshop on February 18th & 19th, June 6th & 7th

Where: The Colorado Center for Nursing Excellence; 5290 E. Yale Cir. Denver, Suite 100

Fee: \$250

What will I learn in this course?

Directors will develop greater skills and expertise in communication and relationship management.

The workshop exists to increase nurse executive competencies, including communication and relationship-building, leadership, business skills, and professionalism

Why do I need to learn about leadership?

Effective leadership leads to:

- Improved job satisfaction
- Lower rates of staff turnover
- Enhanced student experiences
