Dear Valued OADN Member,

I would like to personally thank you for your continued support of OADN. Without you, our efforts to advocate for associate degree nursing education would not be possible. As the ONLY national nursing organization exclusively representing the needs and interests of associate degree nursing education, your involvement with OADN is critically important as we strengthen our collective voice and impact. You play an integral role in our ongoing advocacy for associate degree nursing education and our future expansion in networks that promote leadership, professional development and collaboration within nursing education and the communities we serve.

I realize you are confronting some very challenging times in your program. I know ADN leaders across the country are working tirelessly in situations that they have never experienced. We greatly appreciate your leadership, resiliency, and dedication through these most challenging times, and we are committed to providing you with the professional support and educational resources you need now more than ever. To that end, I am excited to share that OADN has partnered with Unbound Medicine to create an entirely new resource on virtual simulation reviews (VSR). This exciting partnership between OADN and Unbound Medicine has allowed us to develop a structured database designed to help nursing school leadership identify virtual simulation products suitable for their curricular needs. I encourage you to learn more about this exclusive OADN VSR offering and find out how you can utilize it in your nursing curriculum at: Virtual Simulation Reviews: A Collaboration Between OADN and Unbound Medicine – OADN also has developed resources related to the changes with COVID. OADN is collaborating with NurseThink to provide up to information on the NextGen. I encourage you to take advantage of these excellent member resources.

Additionally, OADN launched a new and improved website Home - (oadn.org) where you will find up to date resources and information of importance to our members. Keep an eye out for news on the upcoming OADN National Convention this November 18 – 21, 2021 in vibrant Austin, Texas. The OADN Convention will offer in person as well as virtual sessions. We look forward to seeing you there.
I hope you benefit from the many OADN resources, programs and events uniquely tailored to support you and your associate degree nursing program. Please reach out if there is anything else OADN can do for you. I look forward to your continued involvement with OADN as we strengthen our collective voice for associate degree nursing.

I am a member of my state affiliate, do I receive full OADN member benefits? Your involvement at both the state and national level is critically important for the advancement of Associate Degree Nursing. For that reason, you must be a member of OADN to receive full member benefits and special discounts, in addition to your state affiliate (where applicable). OADN works collaboratively with state affiliates on our shared interests and helps provide timely communications, strategic planning and knowledge exchange for issues affecting Associate Degree Nursing. We value this relationship, and we are grateful for the exceptional work of our state affiliates to help promote community college nursing education and the associate degree pathway.

Who do I contact at OADN with questions about my membership? Please contact Harriet McClung, OADN Member Services Representative, at 1-800-809-6260 or email harriet.mcclung@oadn.org

This is an important step that ensures that your faculty are also all considered members of OADN individually with full benefits.

Thank you for your continued commitment to OADN and the important work we do together to prepare the next generation of the nursing workforce. Renewing your membership reaffirms your place in the organization and allows OADN to continue to be your voice as we advocate on behalf on the associate degree pathway across the country. Your renewal will continue to give associate degree nursing a vital voice in the policy making realm where decisions on health care and higher education are made.

Renewing your membership ensures that you continue to receive other OADN benefits, such as:

• A subscription to OADN’s official journal, *Teaching and Learning in Nursing*

OADN advocates daily on behalf of the associate degree nursing pathways. We work to ensure that policy makers, the public, and others understand that associate degree nursing programs offer high quality education with the interest of patient safety and quality care as the priority. OADN’s responsibility is to clearly assert the basic truth that without this pathway healthcare access in our country would be compromised. At the same time, OADN must be responsible for explaining and continually emphasizing the vital importance of academic progression in the workforce.

By renewing with OADN, you are not only demonstrating your commitment to associate degree nursing education, you are also helping to safeguard the health and well-being of your community.

Should you have any questions with your membership and your benefits, please contact us by replying to this email or calling us at: (800) 809-6260
